

CREATIVE ARTS DEPARTMENT

The Creative and Performing Arts department aims to provide every student at Applemore with as much cultural capital as they desire.

The Creative Arts department includes Art, Music, Drama and Photography. We provide Inspirational lessons delivered by experienced, enthusiastic specialist teachers. As a department we are committed to high academic progress which can be the basis of future creative careers. We enrich the lives of all the students of Applemore, enabling them to grow in confidence and skill.

Through an extensive curricular and extra-curricular programme, we broaden horizons with opportunities to perform or display work. These opportunities include productions, concerts, theatre and art gallery visits, sessions and workshops with visiting performers and playwrights as well as a range of creative and performing arts related clubs.

We are fully inclusive and welcome you to attend any of our public performances that take place throughout the year.
