

# HUMANITIES DEPARTMENT

Throughout the Humanities department we encourage every student to love what they have learnt and relate this learning to real life.

Our outstanding, specialist subject teachers deliver dynamic lessons that will inspire students to learn an all encompassing curriculum within Geography, History and Religious Education.

Staff enthuse their passion for humanities within every lesson, thus nurturing the same love of the subject within our students.

Humanities is crucial in enabling students to understand how they relate to the world around them. As they grow in confidence and progress through the years, we witness individual growth that leads to aspiring, challenging and creative young minds.
